SELVI V

Ph No: +91-9344717348 | Tamil Nadu, India
G-mail: selvi18aug@gmail.com | **Github** | **linkedin**

PROFILE:

An enthusiastic postgraduate with a passion for programming and a strong eagerness to learn and explore new technologies. Skilled in [C,C++,DSA and Linux]. Actively seeking opportunities to enhance my technical expertise, contribute to innovative and impactful projects, and grow within a dynamic and collaborative environment. Committed to continuous learning, problem-solving, and delivering solutions that add value to the organization.

EDUCATION:

Degree and Stream	Institute	Year of Passing	University	Percentage/CGPA
MCA (Master of Computer Applications)	SRM University	2025	SRM University	9.74
B.Sc.Computer Science	DKM College	2023	Thiruvalluvar University	8.03
HSC - Higher Secondary Certificate	NTV School	2020	State Board	70%
SSLC -Secondary School Leaving Certificate	NTV School	2018	State Board	83.6%

PROJECTS:

- **C : Preprocessor** **Github**
  - A custom C preprocessor replicates key functionalities of a standard C preprocessor, including file inclusion, comment removal, macro replacement, and conditional compilation. These operations prepare source code for compilation by integrating headers, cleaning comments, substituting macros, and managing code based on conditional directives, ensuring cleaner and more adaptable code.
- **C++ : Implementation of own String Class**
  - The main objective of this project is to create a custom string class in C++ that provides basic string manipulation functionalities similar to the standard std::string class.

MINI PROJECT:

- **Python : Hotels Review Classification** **Github**
  - The "Hotels Review Classification" project focuses on text analysis and sentiment classification using Python. It involves preprocessing reviews, applying machine learning models to classify sentiment (positive, negative, or neutral), and using feature extraction techniques like TF-IDF. Data visualization is also used to present insights from the reviews, helping to understand customer feedback and improve services.

TECHNICAL SKILLS:

- **Programming language** : C, Data Structure, C++,Python
- **Operating System** : Windows & Linux
- **Database** : Mysql
- **Web Technologies** : HTML & CSS
- **Debugging Tool** : GDB

ACHIEVEMENTS:

- Gold Badge in C Programming – HackerRank.
- Solved 100+ DSA problems on GeeksforGeeks.

PERSONAL DETAILS:

- Date of Birth : 18-08-2003
- Father Name : Venkatesan M
- Passport : Available
- Relocation : Yes
- Language : English,Telugu and Tamil

EXTRACURRICULAR ACTIVITIES:

- Passionate about singing, with participation in school and college cultural events.
- Enthusiastic about Indian home-style and healthy cooking, skilled in preparing traditional and nutritious dishes with authentic flavors.
